Mary – We’ve just learned that Dave Ross would like to discuss FL’s effort to assume the 404 program on Tuesday at 2:00. We were previously scheduled to provide a 404 Assumption briefing during this time, and had planned to utilize a discussion guide along the lines of the attached. Your FL briefing (scheduled for 9:00 on Thursday) is now being expedited to this time in order to prepare Dave to brief the Administrator. The Administrator recently engaged with the FL Governor and wants to respond asap.

We’ll need to quickly develop the one-pager for the Administrator - our folks will work on a draft and expect you may have existing versions to build off of as well. We’ve got plenty of background material we will provide to Dave to prep with so will focus on the draft of the one-pager. If you have material you were already planning to use on Thursday, we’re happy to fold that in too.

Please feel free to give John, Cathy Libertz or me a call to discuss. (I left cell numbers on your vm).

*Sandra*
